road, recommended

Official regulation sticker
Specifications of the seat

EQUIPMENT REQUIRED IN THE CAR

License plates

All motor vehicles must have approved license plates, visibly and irremovably attached to the front and rear of the car. They must be identical.

Windshield and front windows

The windshield and the front side windows of the vehicle must have sufficient transparency and not cause any distortion or change in the colors of the external environment.

Vehicle lights

The obligatory lights of the vehicle must be in good working condition. It is strongly recommended that you have a box of spare bulbs in the car so that you can repair them if needed.
