

IMPORTANT RULES ON FRENCH ROADS

Keep a safe distance

*Fasten your seatbelt
Front and back*

Avoid driver fatigue

*Always use your blinkers
when you change direction
or lane*

*Never use your mobile
while driving*

*including hands free devices:
only devices integrated into the
vehicle are allowed*

Never cross a solid white line

Do not sound the car horn in a French city except in case of possible collision

“Priorité à droite” - Priority to the right:

This is a historic French driving rule which remains valid at any intersection where priority is NOT indicated.

Roundabouts:

In 99.9% of cases, priority is indicated.

*Traffic already on a roundabout has priority over traffic entering it, **so no priority to the right here!***
